

Selected Titles for Historical Biomedical Informatics Films

WZ 70 VC no. 1.1 1976 The Federal impact on biomedical research (1976)

WZ 70 VC no.1.12 1976 Biomedical communications (1976)

Z699.5.M39 VC no,3 1987 Introducing GRATEFUL MED (1987)

WA 525 VC no.3 2000 A view of public health and biomedical research (2000)

(Electronic resource) New frontiers of biomedical research, 1945-1980

(Electronic resource) Howard Hughes Medical Institute and National Institute of Biomedical Imaging and bioengineering initiative information meeting (2005)

(Electronic resource) BECON BISTIC symposium 2004: biomedical informatics for clinical decision support (2004)

(Electronic resource) Overview of caBIG [Cancer Biomedical Informatics Grid](2006)

(Electronic resource) Computer-based decision support in the emergency department (2009)

WX 26.5 VC no.4 1993 Informatics: issues and strategies for the 21st century health care executive (1993)

W 26.55.A7 VC no.1 1995 The role of telepresence and virtual reality in medical informatics (1995)

W 26.5 VC no.8 1994 Health care informatics: the shift to patient-focused paradigm (1994)

(Electronic resource) A decade of neuroscience informatics (2004)

(Electronic resource) Informatics meets genomics (1999)

(Electronic resource) Information visualization for medical informatics: from patient histories to clinical research (2007)

W 26.5 VC no.9 1966 Medical Information systems (1966)
